

FOR IMMEDIATE RELEASE

June 16 2011

CapsCanada launches LQ CAPS™ - empty capsules for liquid and semisolid formulations.

LQ CAPS™ are an ideal Rx drug delivery form for:

- (1) poorly water-soluble compounds,
- (2) cytotoxic/high potency drugs and
- (3) highly sensitive drugs (light or heat sensitive).

For OTC and dietary supplement manufacturers, LQ CAPS™ provide key benefits including:

- (1) faster and more consistent dissolution
- (2) improved bioavailability
- (3) increased product recognition (through unique color and printing options) and
- (4) the ability to work with fewer excipients and therefore smaller capsules.

LQ CAPS™ are available in gelatin or hypromellose (HPMC), are free of preservatives, allergens, gluten and have global regulatory acceptance. LQ CAPS™ are available in sizes 00, 0e1, 0, 1, 2, 3, 4
